Makers of bathrooms for over 30 years

DRUMMONDS

LONDON · ENGLAND

DRUMMONDS

LONDON · ENGLAND

Inspired by products of yesterday
to become design classics of the future.

Drummond Shaw

FOUNDER

Gallery 30 - 149

Pricing & Specifications 150 - 263

Timeless design

Drummonds' roots reach far beyond our 30 years as makers of bathrooms with a focus on craft and design heritage.

OPPOSITE
THE LEAWOOD COLLECTION P.204
300MM GRAND SHOWER P.222

Baths

Each one of Drummonds' bathroom products is manufactured by us in our own factories using time-honoured, handmade processes.

Handmade

The Art of enamelling:
Our unique powdered enamel is sprinkled by hand up to five layers thick, resulting in the beautiful, undulating finish that forms the interior of our baths.

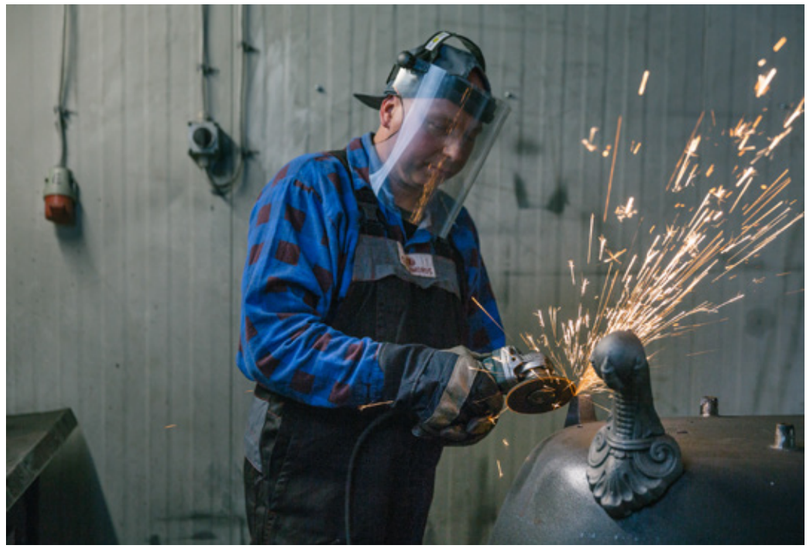
ON THIS PAGE
THE COPPER WYE P.166

Hand-finished

Each bath is finished by hand with up to 14 hours of polish for example.

OPPOSITE
THE USK P.161

Finishing touch



Each foot is ground and fitted
then numbered to its position on the bath.

ON THIS PAGE
THE SWALE P.160

Brass

Lost wax casting is a fine art rediscovered. Each and every piece of Drummonds' brassware is hand carved in wax prior to casting. This traditional method allows extremely fine detail to be reproduced exactly as intended.

ON THIS PAGE
THE DALBY SHOWER P.182

Classics

OF TOMORROW

Hand polishing of brass is a highly skilled and time consuming process that is necessary to achieve the highest quality finish

Gallery

32. COUNTRY 46. TOWN
98. INTERNATIONAL 124. COMMERCIAL

With our beautiful products and the creative imagination of our customers it's always inspiring to see these projects come to life. We have created an inspirational gallery designed to inspire and inform the process of creating the perfect bathroom.

Country

Castles, farmhouses and countryside retreats provide beautiful settings for our products.

Cast Iron Bath Finishes

RAW

With a basic rust inhibiting finish applied, the natural rough exterior of the cast iron shows through.

PRIMED

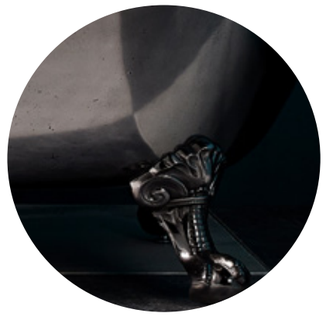
The exterior is ground down, then filled and primed to give a smooth finish ready for painting.

PAINTED

Choose from any Farrow & Ball colour with a Gloss or Matt finish.

POLISHED & LACQUERED *

A thin layer of the cast iron exterior is ground off and polished by hand to a beautiful shine and sealed.



* This is a natural cast iron finish. There will be a variable amount of pitting on the exterior of the bath. This variable effect makes each bath uniquely beautiful.

BRASS CLAD - POLISHED

Brass is hand-pressed onto the bath and sealed, and polished by hand to a beautiful shine.

WRAPPED EXTERIOR

Bath is wrapped and painted with any Farrow & Ball colour.

COPPER CLAD - POLISHED

Copper is hand-pressed onto the bath and polished and laquered.

COPPER CLAD - BURNISHED

Copper is hand-pressed onto the bath and patinated for a beautiful burnished finish.

COPPER CLAD - HAMMERED

Copper is hand-pressed onto the bath and hammered for a beautiful textured finish.

Bath Tub Made For A Plunger-Waste Unit

WITH

The bath tub will be supplied with an overflow hole in the side of the tub. It will be perfect for all our wastes except our plunger waste unit.

WITHOUT

The bath tub will be supplied without an overflow hole. This is for our plunger waste unit - an integrated waste and overflow unit fitted outside the bath tub.

Care & Maintenance

CARE

With our beautiful range of handmade products, from the bath tubs to the brassware, chinaware and marble products they will all need careful looking after to ensure they do not tarnish or change over time, unless this is a look you are wanting! We detail all maintenance on our website in each products installation guide. We suggest you read these in advance of ordering.

INSTALLATION

Please refer to our website and manuals for full information on how to install and maintain your Drummonds products (including the weight, set-out dimensions & installation guides).

DIMENSIONS

Please note that dimensions and weights may vary due to the handmade nature of our products.

Brassware Finishes

UNLACQUERED BRASS

Hand cast & polished but not lacquered; they will age beautifully over time.The component parts slightly differ in colour.

ANTIQUE BRASS

An unlacquered hand polished brass finish which is then aged and waxed to enhance the beauty of the surface.

BRUSHED BRASS

An unlacquered hand polished brass finish and brushed by hand for a subtle grain and matte effect.

ANTIQUE BRUSHED BRASS

An unlacquered hand polished brass finish which is then aged, waxed and brushed by hand.

CHROME PLATED

This is the most hard-wearing finish which requires minimal maintenance, a brighter blue finish to the nickel plating.

NICKEL PLATED

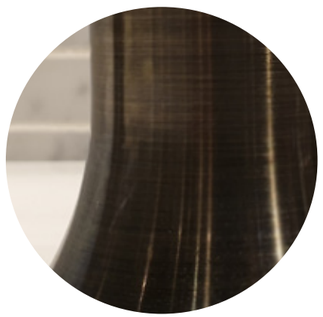
Polished nickel is more hard-wearing than brass but requires periodic polishing to keep bright or can be left to age gracefully.

BRUSHED NICKEL

Nickel plating on brass which has been brushed by hand for a subtle grain and a matte effect.

ANTIQUE NICKEL

A nickel plating on brass which has been aged and brushed for a beautiful and timeless result.



ANTIQUE BRONZE

A copper plating on brass which is patinated by hand to obtain a beautiful aged look which will naturally tarnish with time.
