DRUMMONDS

drummonds-uk.com

A redesign of the company's Severn freestanding shower, Thurso is fashioned with a curved skirt that complements the curvature of the manufacturer's bathtubs. Standing 7 ft. tall, the glass-enclosed unit is home to a built-in shower head and hand shower. Its ceramic base comes in raw, primed or polished options, while the exterior frame is available in brass, nickel and chrome, as well as antique brass, bronze and nickel finishes.
