

BRIDGE FOR DESIGN

D RUMMONDS

Designer Drummonds has partnered with artist Joanne Bowles to create a series of light shades for its Dalby and Chessleton wall lights. As part of her series, The Buried Object, the shades are individually made in silver and copper using layering techniques and materials to create unique pieces. This level of craftsmanship creates the perfect partner for Joanne Bowles' remarkable shades. T: +44 (0) 207 376 4499 | www.drummonds-uk.com

P HILLIPS & WOOD

Four of these six by three metre lighting installations were designed, manufactured and installed by Phillips & Wood in collaboration with, and for a project by, Katherine Pooley in Doha. Made from timber coated with metal resins for a modern antique bronze finish, and lit with LEDs placed behind acrylic diffusers, Phillips & Wood specialises in this sort of challenging bespoke fabrication. C HRISTOPHER WRAY

Lighting expert Christopher Wray has just launched a collection of opulent, ring-shaped chandeliers. Adorned with clear octagonal Asfour or Swarovski crystals, the Martello Suspension Chandelier exudes both luxury and glamour. When placed above an entrance hallway, living room or dining table, the Martello will become the main feature of any space. With 12 finishes available, this eye-catching piece can easily be customised to match your home. T: +44 (0) 207 013 0180 www.christopherwray.com
