## D RUMMONDS

The new 'Ashburn' cast iron by Drummonds bath is a compact freestanding roll top, based on 18th Century 'bateau' bath designs. A great fit for smaller spaces, it offers all the comforts of a classic double ended design, with traditional ball & claw feet making it every bit as grand as its larger cousins in Drummonds' cast iron bath collection.. ## T HG PARIS

THG Paris have collaborated with well-renowned sculptor and artist, Arik Levy, to produce the System collection. Featuring precious materials including marble and crystal, System is a sharp and refined collection that merges Levy's modern architectural style with his high-tech approach. Much like Levy's iconic rock sculptures, System's tap handles defy geometries, appearing malleable and fluid, evoking the movement of water. [www.thg-paris.com](http://www.thg-paris.com)

## WHAT IS GOING ON AT LONDON'S MUST SEE INTERIORS SHOW

Decorex, the show of choice for the luxury interiors and design market, returns to the historic location of Syon Park for the 41st year. Once again the opening destination of The London Design Festival, the 2018 edition will run from the 16th to the 19th September.

Building upon the considerable successes of its 40th anniversary edition, the internationally renowned showcase will explore Blank Canvas as its show theme. Offering a 'carte blanche', the concept will explore how an empty space can celebrate a new beginning, a chance to create something beautiful in the way that Decorex and its exhibitors do each year.

The show will host more than 400

exhibitors showcasing the very latest in luxury interiors and design. From established names to up and coming makers, Decorex brings trade buyers and manufacturers together to form a community which is now the very essence of this celebrated event.

Highlights will include an array of interactive feature areas and an inspiring seminar programme with talks from some of the industry's key influences. Decorex will also celebrate luxury British craft and applied arts through Future Heritage, an exhibition of some of the best emerging talents in the UK with new work created especially for the show. ## THE BAR

As the interior designers behind Loulou's, the infamous private members club, 5 Hertford Street in Mayfair, it is no surprise that the Decorex bar share some of its winning hallmarks. Lambart & Browne was briefed to design a space which would provide a fresh direction for the champaign bar which will offer a selection of botanically infused cocktails.
