Simply the best

DURING London Design Week, leading interior designers, garden designers, builders and interiors specialists gathered at Drummonds' King's Road showroom to celebrate the publication of COUNTRY LIFE's new Top 100 list (*March 6*). Guests were welcomed by Drummonds' creative director James Lentaigne and COUNTRY LIFE's Interiors Editor Giles Kime, who explained the reason why the list was launched three years ago: 'Our aim was to identify professionals with a demonstrable track record in working on large country-house projects, who could help our readers turn their dreams into reality.'
