Drummonds' Dalby shower handset in brass

# Bold as Brass

MATERIAL CONTRASTS AND HIGH-END SPEC CHARACTERISE THIS BATHROOM DESIGN

**D**esigned by interior designer Harriet Hughes, this bathroom features a mix of warm brass bathroomware and stylish herringbone tiles. Set in a bespoke enclosure, the design utilises a surface-mounted Dalby shower by Drummonds in an unlacquered brass finish, and features exposed pipework and classically-styled thermostatic controls with a porcelain inset.

Brass finishes are echoed throughout the scheme, from the vanity stand, towel rail and mirror to the decorative Derwent lights. Drummonds' Naver china basin provides some material and visual balance to the space. **d**
