# THE PROJECT AWARDS

## RESIDENTIAL PROJECT OF THE YEAR

### WINNER: NOTTING HILL APARTMENT, GUNTER & CO

A small apartment takes on the air of a grand and dramatic townhouse thanks to layered architectural detailing and unexpectedly playful finishes. Bespoke furniture and cabinetry, decorative touches and an alluring colour palette all contribute to the success of the project, plus the design team overcame access restrictions and planning battles.

**HIGHLY COMMENDED:** London Ground Floor Apartment, Vanrenen GW Designs

## KITCHEN OF THE YEAR

### WINNER: THE CAMDEN KITCHEN, LEDBURY STUDIO

Materiality and craftsmanship triumph in this space.

The oak cabinets feature a magnificent panelled design, the fluted oak island is topped by a bespoke

Italian marble worktop that's rather like a piece of modernist art, and metal highlights adorn the extractor fan (zinc) and the screen (stainless steel in a geometric pattern).

**HIGHLY COMMENDED:** The Bowery Kitchen,  
HÁM Interiors
