A CLASSIC SOAK

Drummonds' Whitewater single-ended claw foot slipper bath, designed by Susie Atkinson, is available with a raw, primed, polished, or painted exterior. It is coated with a dry-fit vitreous enamel fused with cast iron for increased durability. Prices start from £4692.

**COMFORT IS KEY**

The Victoria + Albert Amalfi slipper freestanding bath fits perfectly into this space designed by Switch Interior Design. The tub is made from Quarrycast, a mix of volcanic limestone and high-performance resins that makes it lightweight and gives the bath a gloss finish. Priced £3627.72.
