

FREESTANDING SHOWERS

The Medway Freestanding Shower

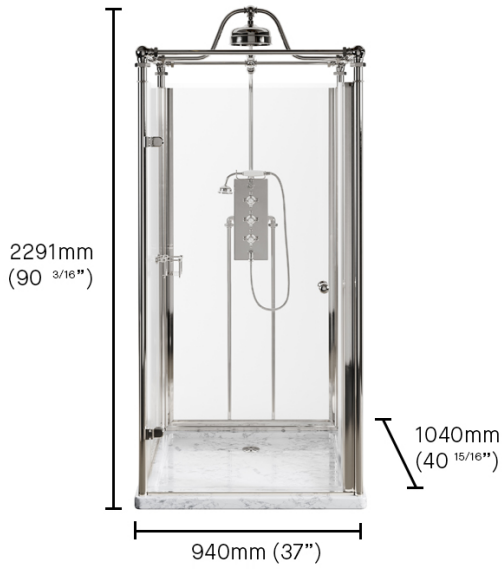

The Medway is a complete glass enclosed shower unit that comes with a magnificent marble tray carved from exclusive Italian marble. With a built in classic 200mm (8") shower head and hand shower attachment provide a euphoric shower experience. FLOOR PREPARATION: For marble shower tray installation, ensure a level, stable subfloor. We do not recommend installing a marble shower tray directly onto a wooden floor unless additional precautions are taken to protect the tray against movements in the floorboards which in the humid environment of a bathroom, is highly likely.
