LONDON · NEW YORK

## SHOWERS

### *The Chessleton Thermostatic Shower Valve*

Drummonds' Chessleton range has been designed to bring the timeless elegance of the Art Deco period to your bathroom. Our angular yet elegant shower controls have been cast by hand in solid brass with a choice of either china or metal lever finish. The Chessleton Thermostatic Valve & Trim controls the temperature of your Chessleton shower via a Hot and Cold dial. Choose this option with all Chessleton showers. You will also need to include your choice of On/Off Control and trim set to complete your Chessleton Shower set up. There is the option of including a Chessleton Wall Plate.

For the installation manual, please contact our customer service team at [customerservice@drummonds-uk.com](mailto:customerservice@drummonds-uk.com)
