COLOUR SPLASH

Create a dramatic statement in the bathroom with bold colours. For an eye-catching central focus, paint the bath exterior in a striking shade, or, for a more subtle impression, opt for a patterned ceramic basin in multicolours, which offers scope to bring in other colours elsewhere in the scheme. Alternatively, add colour highlights with a vivid occasional chair or bathroom light or dabble with bright decoration in the form of a smattering of pretty accessories, to lift the mood.
